HoneyPot® Luminaries

Illuminate
your Life!™

Honeypot® Luminaries

Honeypot® luminaries are spectacular beeswax globes with natural dried botanicals embedded in the shell.

When back-lit by a candle or low wattage bulb, the florals and the wonderful honey aroma truly reveal the glory of these unique objects.

Honeypot® candle holders are available in large, small and a new mini version. Beeswax candle refills are available for each version.

Every Honeypot® luminary is individually hand-crafted, signed and dated by the artist!

Customers often comment with amazement "I've never seen anything like this, how beautiful!"...they are sure sell-outs...I've shipped them all over the country to people who have visited the store, seen them demonstrated, and then call and order (and reorder!) for their friends."

—Suzie Rephan, owner,
Resourceful Home, Portland ME

Mini Luminaries

- Approximately 2.5 x 2.5 inches
- Comes in a protective beehive patterned gift box
- Includes a glass tea-light receptacle with a tea-light candle and instructions

Mini Honeypot® luminaries may melt around the edges, adding attractive and original character to each individually crafted orb. Carved styles are not available in the mini version.

Honeypot® Luminaries

Perfect for Weddings

“Honeypots helped to create the perfect ambiance for our wedding reception. Their soft amber glow added the exact touch of warmth and coziness that we were looking for!”

—Amy Leavell Bransford

Great for Gifts

for Christmas, Easter, Mother's Day, Valentine's Day, Halloween and all the special days in between!

Carved Luminaries

- Each hand carved with a unique design
- Available in large (approximately 7.5 inches tall by 7.5 inches in diameter) and small (5.5 x 5.5 inches)
- Packaged in a beehive patterned gift box
- Includes a glass votive candle holder, a 100% beeswax candle and instructions

These two sizes are designed to resist melting. As long as the wick is appropriately trimmed (to a quarter of an inch), they will last indefinitely.

Ornaments

Adorn your tree or wreath and add a natural touch to holiday décor. These glow with the light of a small string bulb (not a candle or candle holder) or work as a potpourri holder.

- Approximately 2.5 x 2.5 inches
- Hangs from a loop of raffia
- Comes in a beehive patterned gift box with instructions

Beautiful Botanicals!

Hand collected, hand pressed flora embellish smooth beeswax orbs. Each is naturally unique.

"Honeypot® Lamps used as footlights at our New York Premiere Literature to Life performance of 'The Secret Life of Bees' were breathtaking – they provided spectacular illumination and fragrance leaving our distinguished audience in awe! Thank you for providing us with warm, natural Southern charm."

—Jennifer Barnette, Managing Director
The American Place Theatre

About Bee Natural®

The Bee Natural Studio is located in Athens, Georgia, a college town long associated with music, art and Southern hospitality. Historically, many of the Bee Natural artists have been University of Georgia art students.

Bee Natural founder and HoneyPot® luminary inventor, Creighton Cutts and nine year old son, Hunter, spend time in Athens with the Bee Natural® crew busting up beeswax and picking and pressing flowers.

They spend the rest of the year on the Georgia coast where Creighton serves as associate curator of the Cumberland Island Museum (www.cimuseum.org). He is actively involved in marine mammal and sea turtle research and has worked in the Marine Mammals Department at the Smithsonian Institution in Washington, D.C.
